Absent with Late Regrets:

Absent with No Regrets:

Meeting Called to Order at 5:32 pm

Motion to Begin the Meeting: Cole, Max

Motion to Adopt the Agenda: Adam, Spencer

Motion to Adopt the Minutes: Eric Nathan

Reports:

Jay: Busy, crazy two weeks but very successful. Thanks Justine, LB5Q was a complete success. Final expenses aren't in yet but we are expecting \$20000-\$30000 in profits. We had a minor line up issue but other than that things went fine and were very successful. I have been approached by other societies for advice on how we run out events.

Matt Ledray- \$20000 in sponsorship so far and \$2500 from PCS for Formal.

Chris Mearns- Have started selling tables for formal and working on a big package.

Kevin- Just selling tables for formal.

Tasha- Looking for raffle stuff for formal. Let me know if you guys find anything that is worth good value. In past years we have had a Netbook, Molson fridge, large gift certificates.

Alisson- Emails will be sent out at noon tomorrow about our upcoming events. Put in contact info please as it makes it easier for people to get a hold of you.

Nicole- Orientation was lots of fun and went really well.

Justine- Thanks for everyone helping out with LB5Q. Hockey trip will be on January 7th in Calgary. Discussed a pub-crawl but may eliminate that idea this year. I am up to any suggestions about a potential bar.

Eric- Edwards School of Business clothing on sale first week of October. Need volunteers that week. An email will be going out for sign up.

Lisa- We made money on LB5Q! Any expenses make sure you submit them to me ASAP. The account will be closed this week. Get receipts in if we ever asked you to buy anything.

Adam – We are in the heavy recruitment season for competition for JDC West. Newsletters are available about what's coming up. First conference is Net Impact October 27th-29th. The delegate fee and accommodations are paid. Sponsors for flights will be needed. Located in Portland- 40 different countries 150 universities. Nike is title sponsor. Please contact me for application for the conference. Accounting competition and John Molson undergrad competition. Full week long competing with top schools. There will be four rounds and we want to send the best teams. We need to represent well. We are also looking into setting up a local event, any ideas please pass onto me. Would be hosted in February or March. Please let me know if you have any ideas.

Jay- I would like to spend \$40000 on academics this year. Want money from federated co-op. We only send teams that win which would have to consist of our top level students. Undergrad does not want to pay but wants the exposure of our students.

Adam- If we represent well at these competitions then we can get sponsorship. Better chance next year because everything will be covered. Lockers are for sale; \$30 for big ones \$20 for small for ones each semester. We are selling out of the office this week. There are 220 lockers and 400 people called for them.

Cole- Easy process selling lockers so far.

Krysal- Working on the conference portion hopefully book flights and registration is closing. Initial vision was for the application process and get academic input.

Mallory- no report

Toran- Regrets and points for discussion get it in early 8pm Sunday night. Thursday I went to Guelph, Ontario. It was a sustainability conference about finding out ways how business and corporations become more sustainable. Great speakers included David Suzuki. Corporate change was also discussed. These conferences give you different views and ways on how to change your business and ways to get around barriers. You are never going to learn anything like this in a classroom and I had the opportunity to meet people from all over Canada. Cannot put a price on the value of these conferences. Very heated at times and the benefit of going to these things are huge. What academics is doing is huge for business students. Sending people to these conferences is great for the students. See what Jay and Adam have planned

Cole- Newsletter is out, please read it, promote it anyway you can.

Spencer Hey- We would like to do classroom announcements at least once a month. Look into what classrooms we are talking to. May need help in making sure we go to all the classrooms. Rider trip has 30 tickets left. Want to sell out this week.

Chris- Lots of cash.

Nathan- The website is up and running after long summer process. All events are on the page please make sure information is accurate.

Jay- Check your event pages make sure info is correct. Club events should be checked by presidents as well. Logos must be put on the page.

Kelsey- MSC- Another position is open for MSC.

Megan- If you have sweet prizes please contact me. Jay and matt are meeting for 5 days for the homeless sponsorship.

Trista- no report

Mike- Approaching pizza 73 for sponsorship for the year for the EBSS.

Theresa – First social event was really good event thank you for coming.

Anna- Fist social event September 30 value village pub crawl.

Chris- Volleyball beer night profited \$702. Working with accounting club next month and have a speaker night in the future.

Matt- In the middle of recruiting. Tryouts will be on Friday. Email will be sent out to all of those in the tryouts.

Brittany- Finally have our speakers for formal; 2 VPs and Brian McCray. Posters will be going up soon. Please help sell tickets. Rider trip please buy your tickets and promote to your friends. Important game to go to.

Jay – We must sell out event!

Brittany- How to book landing In ESB?

Jay- Brent Wellman books it and book through him.

Kathy- no report

Jacey no report

Matt Hamilton- no report

Nicole- uploading footage from LB5Q.

Max – Formal is coming please sign up and come and tell your friends. \$20 for tickets. Most important event when business community sees us. First year rep nominations start next week. Tell first years. Advertising will be going on.

Jay- Etiquette night will be held soon.

Britt- lots of people are needed to help with decorating and setting up on October 6th for formal.

Julia- no report

Molly- no report

Jay- Office hour sheet is going around. If you are on general council must be on for a minimum of an hour a week. Two people in every time slot. Office etiquette please be respectful. In the next few weeks lots of people are coming in. Please remember don't bring chairs from other rooms. We only have six otherwise it gets too congested. Formal and rider trip we need a big team effort. Important that everyone is promoting, working hard and making sure we sell out of all of our events. We need to be successful in every event. We need to sell out Rider trip. We may have been too hung up on LB5Q. Invite everyone on your Facebook. Great deal for \$80. Facebook is our main channel for basic advertising. Very successful tool in the past. 200000 page views on LB5Q and we have 1800 students. Must include Facebook link and twitter page ebs411 when creating your event. If we get our awareness we can give Blackberry's away from sponsorship. Lockers- small locker \$20 large \$30. Take money now. Not guaranteed for second semester. Encourage to buy full year. Initial beside their name. If somebody has a lock we have bolt cutters go cut the lock off. Be respectful of the stuff in the locker. Lockers stop selling next Wednesday then it is first come first serve. Easiest \$10000 we ever make. If people complain about prices we are still cheaper than other colleges. No one knows where the lounge is. Be respectful to students and show where their locker is. No they can't have a different locker. Club presidents need a meeting with me. The Sutherland Bar bookings need to be booked through Max. Ali is in charge of EBSS newsletter. Make sure you put stuff in there and let Ali know. Paws group allows you to mail people. A few important files are also on there. Make sure info is correct and date. Money requisition forms are in the office if you need money back. Fill out requisition form and give to Lisa. Everyone should be prepared to have portfolio meeting. Be available to sit down once a week and make sure things are successful.

Justine- cleanup is a team effort. Monday was unreal but we need the after support for events as well. Need the "we" not the "me". All the parts have to be working. When you are doing your event you want the support so help others out with their event.

Jay- I am trying to do my best. When I work I like to work towards an end goal. Tell me if I do anything to make you mad.

Motion to Adjourn meeting: Justine, Cole
